

## STATEN ISLAND AIDED BY EXPERTS IN GARBAGE FIGHT

Game Warden Gill and Prosecutor Each Point Out Menaces to Health.

More evidence is shown that the garbage reduction plan proposed for Staten Island will be a nuisance was taken to-day by Dr. Leland Willams, Deputy Commissioner of Health for the State of New York.

Indignant Staten Islanders assembled in Borough Hall heard Gabriel Gill, state Game Warden, declare that the waters of Fresh Kills and Great Kills freeze so hard every winter that navigation is stopped. Mr. Gill has lived at Great Kills twenty-five years. Oscar S. Johnson, who has lived long at Hoesville on the shore testified that he has seen the Kills frozen so hard that teams were driven from Elizabethport to Tottenville.

District Attorney Each argued that the accumulation of garbage due to stoppage of navigation every winter would be a menace to the health of Staten Island people.

Dr. Walter Moffatt, chemist, of Woodbridge, N. J., testified that he visited the Cobwell garbage-reducing plant, three miles from New Bedford, Mass., which is like the plant that is proposed to be put on Ike's Island, Staten Island. He said that for days after his visit he suffered from headache, stomach trouble and fever, though he is ordinarily healthy.

Dr. Moffatt opened three bottles of water taken from the garbage at different stages of reduction. He and every one else who sniffed them drew away quickly. The chemist also showed pieces of cloth which had been hung up in the factory. They were very strong.

Assistant Corporation Counsel Chittenden objected that Dr. Moffatt's testimony was far-fetched because the contract between the city of New York and the garbage reducers specifically provides that the work shall not be a nuisance.

"There is the same provision," said District Attorney Each, "in the city's contract with the Barren Island people."

## ANOTHER MAN ESCAPES GUARDS AT SING SING

Mutual Welfare Leaguer Drops Into River and Swims to Freedom.

At 8 o'clock this morning officials at Sing Sing discovered that Emil Schults of Brooklyn, who had served a year on a three years and six months' sentence for carrying a revolver, had escaped, making the sixth escape from the prison since Warden Osborne returned to office, seven weeks ago.

Schults was one of four firemen working at night in the power house inside the walls. Shortly before three o'clock this morning he told the others that he was going into the little garden just outside the power house and when he did not return ten minutes later the big whistle, which sounds the alarm for an escape, was turned loose and kept blowing for half an hour.

Schults escaped over an iron fence twelve feet high, dropped into the river and swam away. Guards failed to locate him. Schults, who enjoys some reputation as a gunman, was a member of the Mutual Welfare League, and was considered trustworthy by the prison officials.

## The May Manton Fashions

THERE is no more serviceable frock than the school girl can own. It is made of light weight gabardine or serge. This one suits such material perfectly well, but it also can be made of linen or of cotton poplin or of washable material of such sort. A great many mothers use no others at any season for school frocks, and the gabardine and pique and various fabrics of the sort are very charming this season. The collar can match the dress and be scalloped with white, or, if the dress is made of white, the collar and the belt would be pretty of color. There are bloomers that accompany the pattern, and bloomers are always desirable for dresses of this sort. They are really better than petticoats and more comfortable and satisfactory from every point of view. If the dress is not liked, the sides of the dress can be altered to hold the fullness, and the box plait at the front and back left plain to give a plain effect. Tucked with collar and cuffs of plaid or of striped makes a very charming frock and into a practical frock, but perhaps one a little better adapted to the girls of eight and ten than to the young sister. That we would make a charming dress with tulle collar and cuffs banded with black velvet ribbon.

For the eight-year size will be needed 4 1/2 yards of material 27 inches wide. 3 yards 36 in. 4 1/2 yards 36 inches wide for the collar, and 1 1/2 yards of either width for the bloomers.

The May Manton pattern No. 5152 is cut in sizes from 6 to 10 years.

No. 9152 (with busting line and added seam allowances).

GIRL'S DRESS, 6 to 10 years.

## VILLA A WILL-O-THE-WISP: PERSHING CAN'T FIND HIM

Follows All Clues From El Paso But Finds No Confirmation of the Bandit or His "Army."

WASHINGTON, Sept. 11.—All of the forces of Gen. Pershing to confirm persistent rumors that Villa is moving toward the border in Northern Mexico are far from being frustrated. The general made this report to-day to the War Department.

"Reports regarding Villa's movements north have been continuously received through El Paso authorities. The fact these reports cannot be confirmed here, although every possible source of information is being used, is not at all surprising. Villa has been in the El Paso region for some time, but could have been there for any length of time. People have heard rumors of Villa's at El Paso, but nothing of any action north of there."

## THE ONLY MEDICINE THESE CHILDREN HAVE EVER TAKEN IS FATHER JOHN'S MEDICINE.

See How Healthy They Are.

When the father of these two little girls was writing a letter recently he said: "Elizabeth (three and one-half years old) and the baby Gertrude (twenty months old) both had the whooping cough and we gave them Father John's Medicine which relieved them. They have never taken any other medicine since they were born. We always have it in the house and recommend it especially for children." (Signed) John C. Boete, Box 98, Yarmouthville, Me.

Many mothers know that Father John's Medicine is a safe medicine for all the members of their family because it does not contain alcohol or dangerous drugs in any form, but is a pure and wholesome nourishing food medicine which strengthens and builds up the body. It has the history of more than fifty years of success.

## The Big Store's Birthday Celebration

As these lines go to press we are in the midst of a series of sales such as have rarely been witnessed in this store of big sales.

They opened this morning, and were designed to celebrate "The Big Store's" 20th Anniversary.

To those who have offered us their congratulations—MANY THANKS.

To those who have availed themselves of the remarkable bargain opportunities—OUR CONGRATULATIONS.

This important retail institution plays a lively part in the economy of the community. Our old friends recognize that, new ones will rapidly do so.

Starting out with a basic idea—thus expressed:

**"Better Goods for the Same Money or the Same Goods for Less Money Than Elsewhere"**

Today it is realized that a store of this character is a public necessity and a genuine public utility.

With Greenhut's, the customer is paramount. Mere sales are a secondary consideration, for a customer is less easily made than is a sale.

Let us illustrate to you during this week how well—how capably—we minister to your needs in almost every phase of your daily life.

We are at your service—never more so than now.

**Every Day Brings New Arrivals in Women's**

**Distinctive Fall Suits**

Worthy of Special Attention \$14.75  
in This Immense Variety Are  
the New Autumn Styles at . . .

The appeal of these suits is especially strong. Not only to the woman with whom style is a paramount consideration, but also to those who appreciate the notable economy of the price.

THE CLEVER STYLE ILLUSTRATED IS TYPICAL OF THE CHARM OF THESE SUITS.

The one shown in the picture is developed in Gabardine. The collar, which is velvet-trimmed, is a decidedly new convertible style that can be worn buttoned up to the neck or showing revers as suits the fancy of the wearer. The coat flares gracefully from the waistline and is trimmed with silk braid and buttons.

Every suit in this offering at \$14.75 is a model of perfect tailoring and full silk-lined. They are shown in Wool Poplin; also Gabardine and the colors include Green, Blue, Brown, Navy Blue and Black.

OUR SUIT SALONS are now a place of absorbing interest on account of the extensive array of new Fall styles mobilized here at all prices up to \$160.

**Continuing the Sale of Silk Dresses at \$5.95**

The women who secure these dresses will have reason to be proud. For a small outlay you can secure a dress of utmost style and service which later in the season would cost not less than \$7.95 and \$9.75.

The dresses are of CREPE DE CHINE, CHARMUSEINE, SATIN STRIPED AND PLAIN TAFETA and in all the new Fall colors, as well as black.

All are attractive new styles, trimmed with contrasting collars, vestees and sleeves of Georgette Crepe. It is best to come early. Late purchasers may find the size or style they want has been sold, because these are values that do not last long.
